

Nevada's Business Support Ecosystem

An Overview by the

The accompanying chart highlights the categories of resources available to those interested in conducting or doing business in Nevada. The chart is one way to visualize Nevada's dynamic and innovative Business Support Ecosystem, which includes local, state and federal government resources as well as resources from the private sector.

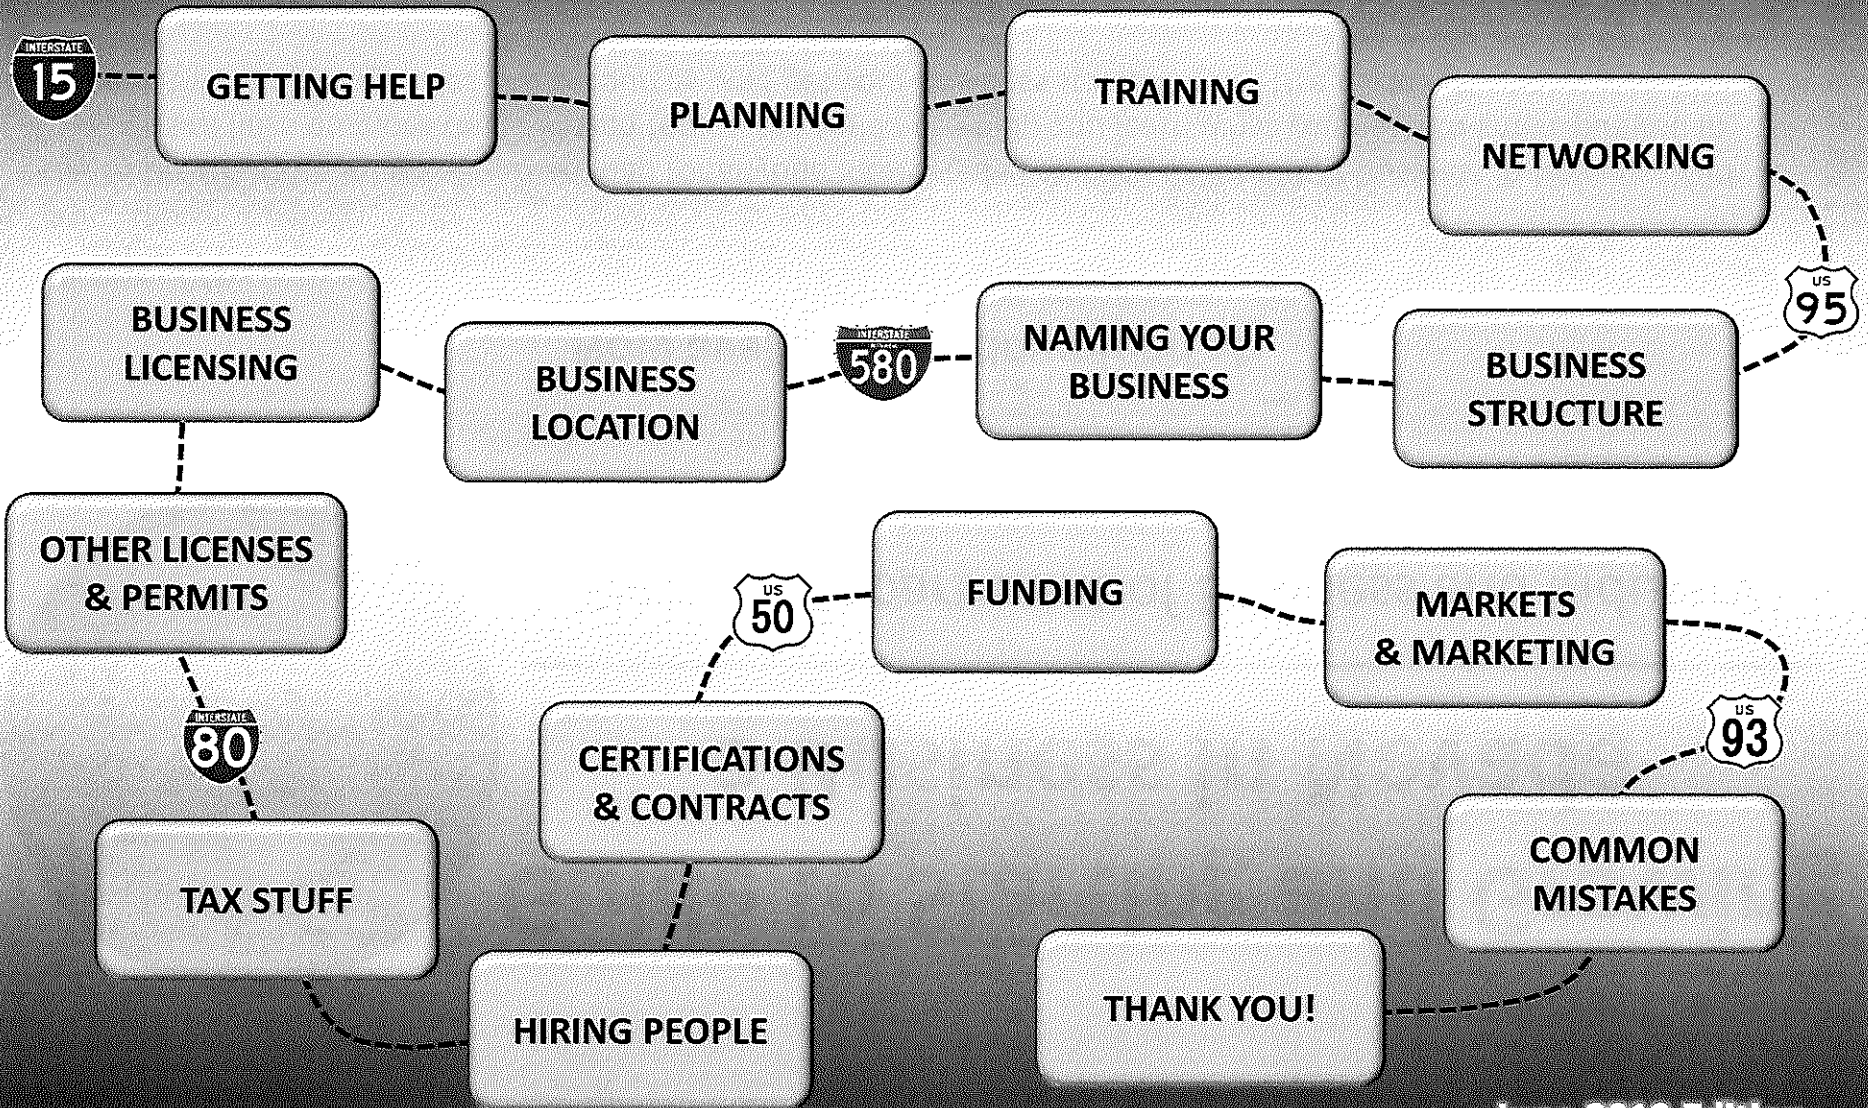

Instructions: View the chart while your computer or mobile device is connected to the internet. Click on a listed item to go to its relevant webpage. When finished, find comprehensive help on specific business requirements by downloading the *Guide to Starting and Growing a Business in Nevada*. The Guide is interactive, free to the public, and available today at:
